

What to Expect

ACA Canyon Rendezvous provide opportunities for a diverse group of canyoneers to get together to:

- practice skills learned in courses and elsewhere
- meet new friends
- have fun doing canyons

We believe that bringing people together is good for the sport. It brings people into the community; encourages sharing of ideas, information and techniques; and improves safety and ethics.

Canyon Rendezvous are not guided events. Trips are led by volunteer leaders, not professional guides. Therefore, Canyon Rendezvous are not appropriate for anyone who has not acquired at least a basic skill set or is not willing to accept responsibility for his/her own safety.
